

International Federation of FLY FISHERS

Conserving, Restoring, Educating Through Fly Fishing

Dear Boise Valley Fly Fishers:

Thank you for supporting the International Federation of Fly Fishers! We are an international organization that serves as the voice of fly fishing in North America and throughout the world. Our mission is fly fishing education and conservation—there is no other fly fishing organization like us. We have members in 44 countries and are the world's recognized leader in fly casting instruction. Your club is a member of the Western Rocky Mtn Council.

The benefits of being a being an Affiliate Club of the Federation include the following:

- Club contact person for an Affiliate Club will receive the IFFF magazine *Flyfisher*.
- IFFF ClubWire News Service allows a Club to post their monthly newsletter on the IFFF website. Editors must submit their newsletter to the National office in an electronic form (PDF) with a summary of what's in the newsletter.
- Clubs may function independently of the IFFF and are free to pursue their own specific goals within the general guidelines of the IFFF bylaws.
- Clubs may apply annually for grants from the IFFF for conservation projects.
- Each club is listed on the IFFF web site which helps both the club and the IFFF grow.
- Submit club events for posting on the general calendar of the IFFF.
- Submit articles of general interest to the national office for inclusion in monthly E-news.
- Social media management for Facebook, Twitter & Linked In. IFFF has over 7000 followers on Facebook. Submit information to post to our pages or ask us to share your Facebook page.
- Clubs and their members are eligible international IFFF awards, given yearly in recognition of outstanding conservation and education efforts.

Once again, thank you for supporting the International Federation of Fly Fishers!
